Programme overview

The course is designed to train multi-talented executives who are able to enter the luxury industry (products and services) with a far-reaching and holistic vision of this sector. Specifically, students will be able to:

- » Broaden their knowledge of the luxury sector's key international markets.
 - » Understand the complex nature of the "luxury" segment, its key players (large corporations and sub-contractors) and the steps taken to preserve the expertise that is vital for this industry.
 - » Develop an awareness of the key role of creativity and design in this sector.
- You can join the regular track or the short track of the programme.

Regular Track *The regular track allows you to enter the first year (MSc 1) and to follow the 4 semesters of the programme (MSc 1 and MSc 2)*

- » Specialised guest lectures
- » Sectorial company visits
- » Professional experience M2 (5 months minimum) : apprenticeship, internship, fixed- term or permanent contract, entrepreneurial project

WORK-STUDY FORMAT

Students on the programme can gain industry experience by combining their studies with a work placement as part of an apprenticeship. Doing an apprenticeship can boost your employability and is an excellent way to develop hard and soft skills that are highly valued by employers. Apprenticeships will also allow you to be entirely waived of your tuition fees. The host company also pays you a monthly salary for the duration of the contract according to a scale based on the gross monthly minimum wage. The work-study rhythm will enable you to work part-time in a student-job for 8 to 20 hours per week. This is a great opportunity to expand your skill set. If you have an entrepreneurial mindset, you can also use your free time to build your own project!

MASTER OF SCIENCE IN MANAGEMENT BY INNOVATION

The Master of Science in Management by Innovation is a 5-year degree recognised by the Conférence des Grandes Ecoles and taught on our 3 campuses: Paris, Nancy and Berlin. Available in all 12 of our options. Do you want to work in digital marketing, finance or luxury? The diploma has the same value no matter which option you choose!

Delivered 50% in a foreign language, this programme provides students with a high-level professional education. It is designed to train key business functions in international markets.

Our training aims to produce responsible and creative managers. The #ATM teaching method, a symbol of our intellectual openness, will enable you to build your career in a globalised world!

Why join the Master of Science?

» EMPLOYABILITY

A strong professional dimension is guaranteed, thanks to a wide choice of options and a pace that encourages employability.

» THE CGE LABEL

CGE recognition is a guarantee of quality for your future employer.

» ENGLISH AS A PASSPORT

On the bilingual or English Track, develop the language skills that are essential in today's globalised business world.

» THE #ATM TEACHING METHOD

This unique and innovative teaching method teaches you to work with profiles that are different from your own. In this way, you develop your adaptability and open-mindedness.

» RECOGNITION

Based on the criteria required by the CGE, this degree is internationally recognised.

» AN OPPORTUNITY

For international students wishing to study in France, this certified course provides professional experience (through work placements or apprenticeships).

Work-linked training & Internships

» This course allows you to start your professional life alongside your studies. You can choose to take the Master of Science in the traditional way, with a work placement at the end of each year, or in the alternating way. In this way, you can develop your professional skills and acquire management expertise throughout your studies. It's also an excellent way of developing the hard and soft skills that employers are looking for, so it's a real asset to your employability!

» Apprenticeships are an excellent way for our students to get a contract with a company. Apprenticeships provide a monthly income for the duration of the contract, based on the gross monthly minimum wage (SMIC) or the industry minimum wage (if it exists and is more favourable).

» Finally, at ICN, nearly 150 partner companies are ready to meet you during our career forums, which will open the doors to internships and work-study contracts with major companies.

"I am currently a product manager for watches at CHANEL. My job consists of developing new watches and overseeing their launch. At the same time, I monitor performance and actively participate in the business strategy."

ICN's distinctive #ATM pedagogy helped me a lot in my professional career. Its tri-sectoral approach is very close to what we experience in the professional world: it therefore prepares students perfectly for this environment."
