Programme overview

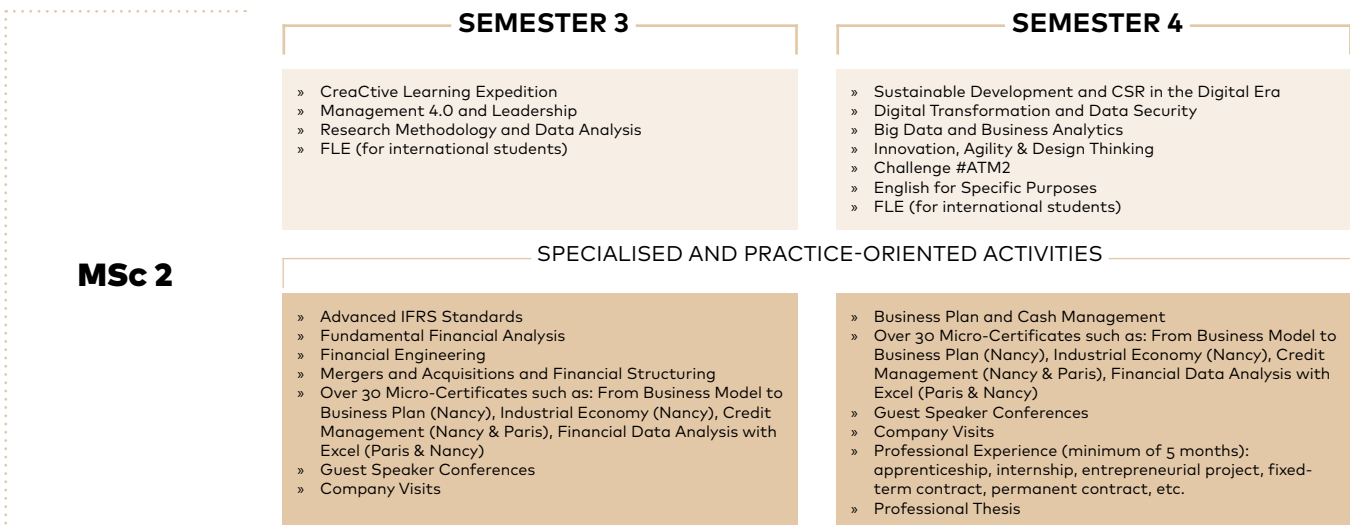

The specialised Corporate Finance programme provides you with the skills necessary for the financial analysis and management of companies in both national and international contexts. It has been designed to meet the skills expectations of CFOs and financial managers who recruit young graduates into their teams. Finally, the acquired expertise will cover investment and risk management, business valuation, structuring and managing strategic financing, cash management, business plan preparation, mergers and acquisitions management, financial structuring, and more.

You can enrol in either the regular track or the short track.

Regular Track *The regular track allows you to enter the first year (MSc 1) and to follow the 4 semesters of the programme (MSc 1 and MSc 2)*

Short Track *The short track allows direct entry into the 2nd year of the programme (MSc 2).*

WORK-STUDY FORMAT

Students on the programme can gain industry experience by combining their studies with a part time job. Doing a professional experience during your studies can boost your employability and is an excellent way to develop hard and soft skills that are highly valued by employers. Our programme is designed around a schedule comprising three days of focused classes and two days of flexibility, allowing time for you to explore part-time job opportunities. At ICN, we regularly organise Networking meetings and Career workshops, equipping you with the essential tools to secure employment either during your academic journey or immediately upon its completion.

MASTER OF SCIENCE IN MANAGEMENT BY INNOVATION

The Master of Science in Management by Innovation is a 5-year degree recognised by the Conférence des Grandes Ecoles and taught on our 3 campuses: Paris, Nancy and Berlin. Available in all 12 of our options. Do you want to work in digital marketing, finance or luxury? The diploma has the same value no matter which option you choose!

Delivered 50% in a foreign language, this programme provides students with a high-level professional education. It is designed to train key business functions in international markets.

Our training aims to produce responsible and creative managers. The #ATM teaching method, a symbol of our intellectual openness, will enable you to build your career in a globalised world!

Why join the Master of Science?

» EMPLOYABILITY

A strong professional dimension is guaranteed, thanks to a wide choice of options and a pace that encourages employability.

» THE CGE LABEL

CGE recognition is a guarantee of quality for your future employer.

» ENGLISH AS A PASSPORT

On the bilingual or English Track, develop the language skills that are essential in today's globalised business world.

» THE #ATM TEACHING METHOD

This unique and innovative teaching method teaches you to work with profiles that are different from your own. In this way, you develop your adaptability and open-mindedness.

» RECOGNITION

Based on the criteria required by the CGE, this degree is internationally recognised.

» AN OPPORTUNITY

For international students wishing to study in France, this certified course provides professional experience (through work placements).

Work-linked training & Internships

- » This course allows you to start your professional life alongside your studies. You can choose to take the Master of Science in the traditional way, with a work placement at the end of each year, or in the alternating way. In this way, you can develop your professional skills and acquire management expertise throughout your studies. It's also an excellent way of developing the hard and soft skills that employers are looking for, so it's a real asset to your employability!
- » Finally, at ICN, nearly 150 partner companies are ready to meet you during our career forums, which will open the doors to internships and work-study contracts with major companies.

"From the very first year at ICN, I was able to get a taste of the professional world I aspired to. The multidisciplinary curriculum, the associations, presentations, and group work provided an opportunity to develop a broad understanding of business, as well as soft skills that enhance the ability to integrate within an organisation. After experiences in Corporate Finance and Financial Audit, I now hold a position as a Management Controller at Deloitte Luxembourg, which was the specialisation I chose for its versatility during my time at ICN. In support of operational roles and management, my role involves providing financial monitoring of activities and, with a critical eye on performance, delivering analyses and proposing corrective actions. What I take away from my years at ICN is the acquisition of a necessary theoretical foundation for starting a career. Additionally, the school offers the opportunity for early professional experiences through its forums and student network."
