

Postgraduate degree

Master of Business Administration

Postgraduate degree

Where business meets creativity.

“Paris School of Business is a Grande École of Management, accredited by the main international quality agencies (AACSB, EFMD and AMBA) and recognized by the French Ministry of Higher Education and Research for its Bachelor's and Master's programmes.

Beyond these accreditations, which guarantee the quality of its programmes, the Paris School of Business is unique in at least two respects.

Its international character:

→ through its permanent faculty:

40% of its core faculty is international;

→ by its students: 34% of our 4,000 students are also international and 134 nationalities live together on our Paris campus;

→ through its international network: more than 150 business school partners on 5 continents enable our students to spend semesters or double degree courses at the best institutions in the world.

This international dimension offers a diversified education of management experience and guarantees the acquisition of intercultural agility skills that are highly sought after by recruiters.

This international uniqueness is combined with another specific feature: since its creation, Paris School of Business has integrated **hybrid courses into all its programmes, focusing on themes such as 'arts & culture', 'cybersecurity & management', 'technology & management', 'data management' or 'hospitality management'.**

This cross-disciplinary approach gives our students the global and multi-faceted skills that companies are looking for.

Choosing Paris School of Business means joining a high-quality school of management, recognized as the reference for international hybridization platforms in Paris.”

— Olivier Aptel, PhD,
Managing Director
& Dean of Paris
School of Business

“The Master of Business Administration program is designed for working professionals interested in gaining the skills and experiences necessary for a successful future in Europe or abroad.

Studying at Paris School of Business will challenge you to work in diverse teams, discover what drives you, learn to overcome obstacles,

and question conventional thinking. By bringing together people, cultures, and innovative ideas from around the world, Paris School of Business provides an educational experience that will transform your mindset and career and allow you to see the world from a different angle.

I hope to see you soon at Paris School of Business, where business meets creativity.”

— David Kalisz, PhD,
Dean of Expert Programs

The school where business meets creativity

Success in the business world requires not only a solid grounding in business and management but also the ability to innovate and think creatively.

Backed by a strong network of prestigious Galileo Global Education art, design and tech schools, our students can choose from unique learning tracks during which they acquire expert skills specific to certain professions. This will enable them to aspire to strategic positions within companies, as well as developing the behavioral competences required for managing teams and tackling the complex challenges posed by today's global economy.

Our programs place great emphasis on the development of management and leadership skills, whilst encouraging our students to unleash their creative potential and go beyond the boundaries of conventional thinking.

This unique blend is vital to succeeding in a highly competitive economic climate that is in a constant state of change.

In our capacity as a school blending business and creativity, we commit fully to training leaders who will be both skilled in their area of expertise and able to bring new business ideas to the table.

Our aim is to create the conditions for our students to reach their professional objectives and flourish all through their life.

Galileo Global Education key figures

■ Academic life

Modes of study

Depending on the course, students have the opportunity to participate in a range of dynamic learning environments. These may include **lectures, workshops, tutorials, group work, challenges, case studies, practical sessions, discussion groups, external visits and more.**

Creative pedagogy

In addition to classic courses, students will take part in innovative and creative classes, in order to adhere as closely as possible to the school's mission and values. In addition, business games and extracurricular activities are integrated into our programs.

French language class

All students can enroll in our FLE (French as a Foreign Language) courses offering free French lessons at both beginner and intermediate levels. These courses enhance students' integration in France and can assist them in finding a job.

Career Center

Our dedicated Career Center will provide you with assistance such as CV enhancing, interview tips, and internship agreements. Job and internship offers from our business partners and alumni network are accessible.

Extranet - Student Portal

Paris School of Business Portal provides all the information needed to stay updated and informed. It includes class schedules, learning resources, and links to a range of useful sites that will help students make their way through their academic experience and help them with anything they need.

The Delta, a unique campus in the heart of the 5th district of Paris

Built over the period 1883-1934, covering a surface area of 16 000m² and located on rue Claude Bernard in the heart of the 5th district of Paris, the premises were initially home to the Institut Agronomique de Paris, going on to become the famed AgroParisTech School of Engineering.

3 400 students from 5 schools, all among the most prestigious from their sectors.

Bringing together in one place five schools representing the disciplines of management (Paris School of Business), art direction and interior architecture (Penninghen), culture and the art market

(IESA A&C), animated film (Atelier de Sèvres) and dramatic arts (Cours Florent) provides a wonderful opportunity to promote multi-disciplinarity.

The campus building enables students to meet, share projects on which they are working, and access hybridized inter-school training programs.

This blending of disciplines will represent a unique asset for students once they enter the job market.

The Paris School of Business campus

It is organized around 4 000 m² of spaces specifically dedicated to its students, with:

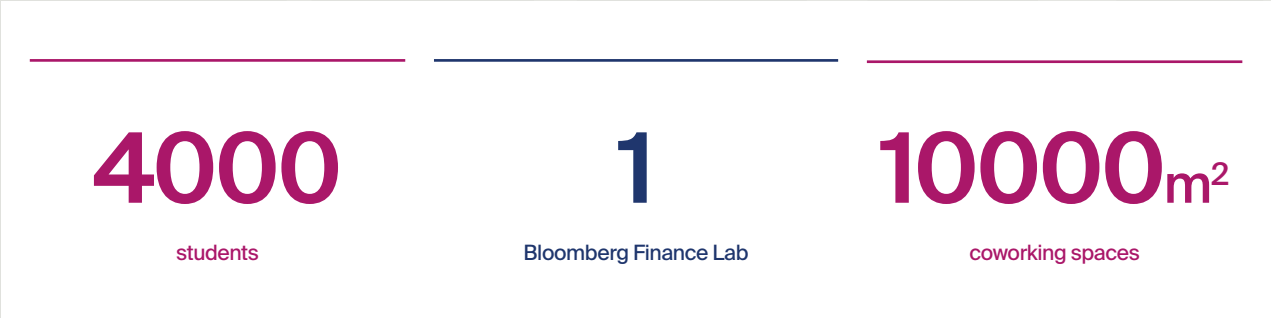

- | | |
|----------------------------|---|
| → Student reception | → Association area |
| → 35 classrooms | → Spaces reserved for administrative staff and teachers |
| → 190-seat lecture theater | |
| → 2 computer rooms | |

The campus will feature vibrant spaces where students can work and rejuvenate, including cafés, a gym, a studio, a Fab Lab, a library, and arcade terminals.

Master of Business Administration

The MBA provides students with the tools, insights and leadership skills that are required for a successful career in a fast-paced international business environment.

Overview

The MBA is designed for experienced professionals who want to boost and/or pivot their careers.

Students from all over the world join Paris School of Business for an intense 12-month program. MBA students combine existing professional experience with solid theoretical learning to analyze businesses and develop solutions in a case-study environment. Solutions are devised among peers under the direction of professors. To apply case-study learning, MBA students manage a business consulting project.

What you'll learn

Starting with a reinforcement of business fundamentals with courses such as strategy, accounting, finance, marketing, and management, students then combine their professional experience with cross-disciplinary integration courses. Emphasis is placed on providing students with a solid business basis on which they will build throughout their careers as well as all-important career management skills. Key words are leadership, problem solving, critical thinking, career management, life-long learning.

Key points

- Emphasis on management & leadership
- Strong business network & connections
- MBA business consulting project
- AMBA, AACSB & RNCP 7 (French government) accreditations

Career opportunities*

- Upon graduation, students will be eligible to pursue careers at senior management levels across a wide range of sectors and management positions. Combining their prior experience with their new management and leadership expertise, students are prepared for:
- | | |
|---------------------------|--------------------------|
| 01 Senior Management | 04 Operations Management |
| 02 Management Consultancy | 05 Product Management |
| 03 Marketing Management | 06 Project Management |

* The list of career opportunities is non-exhaustive, and includes many more job prospects.

“The blend of real-world knowledge and academic rigor fosters an environment where future leaders of the business world are born. Our program is not just about learning, it’s about transforming potential into greatness.”

— Drasko Djurovic,
Head of the Master of Business Administration

Q&A

Is my degree recognized?

Our Master of Business Administration is AACSB, AMBA and BGA accredited. It is also State certified and perfectly recognized by French and International companies. You might want to check the RNCP title on the official website of France Compétences: <https://www.francecompetences.fr/>

Do I need a student visa to study in France?

Citizens from non-European countries must apply for a student visa (VLS-TS). We invite you to check the following website for more detailed information on the visa requirements to study in France: <https://france-visas.gouv.fr/en/web/france-visas>

What about administrative procedures?

Your Student Experience Officer will assist you with French administrative procedures (opening a bank account, finding accommodation, etc.).

“Student services help with identifying the root of a student’s problem and working to find a solution that surpasses their expectations using in-depth knowledge of the school services! Once registered with Paris school of Business I’ll be your first point of contact for every non-academic aspect of your student experience. You have questions about school services? You need assistance on visa, accommodation or health insurance? You want to know what to do or where to go in Paris? I’m definitely the person to reach out to.

My goal is your satisfaction.”

— Manoela Todorova
Student Experience
Officer

Is there a Careers Department?

Yes, our dedicated Career Center will provide you with assistance such as CV enhancement, interview tips, and internship agreements.

Do I need to speak French to apply to the program?

Classes within the MBA program are taught 100% in English (the minimum required level is B2). However, for our MBA courses you have the option to take French as an elective class.

Can I benefit from student health insurance in France?

Before coming to France for your studies, you need to apply for French social security by signing up via the etudiant-etranger.ameli.fr official website.

Paris School of Business Alumni

The strength of the graduate network

The main aim of the association is to help develop professional and personal exchanges between members. We feel that the connection with Paris School of Business does not end upon graduating but rather evolves with time to become the bedrock of their

development all through their career.

From networking and conferences to sporting events, we want all involved to meet, from the most formal settings to the most relaxed.

Key facts

+ 20 000
alumni

30%
alumni find jobs via the school network

44
years in existence

100
job offers published per month

50
thematic, regional & international clubs

15

Our aim is clear, boost the Paris School of Business Alumni network around 3 major areas:

01 Academic activities

02 Professional training workshops

03 Events providing a place for alumni to share

Paris School of Business Career Accelerator

The Paris School of Business Career Accelerator is a unique program that brings together alumni and students to help them develop their professional projects. Depending on their objectives, students who join the Career Accelerator are directed towards one or more alumni profiles, and meetings are organized to enable them to exchange ideas. For the students, this enables them to develop their projects, and for the alumni, it expands their network for recruitment and business purposes.

“Many students often find themselves rethinking their academic path, regretting the lack of clarity in their aspirations, and wishing they had been guided towards a clearer vision of their future trajectory. Aware of this reality, and after fruitful exchanges with the school’s administration, it became clear to me the relevance of leveraging our vast alumni network for the benefit of our young talent, while cultivating a strong sense of belonging to our school among the alumni who participate in this enriching initiative.”

— Youssef El Abdi,
Alumnus and
Co-creator of the
Career Accelerator
